Dear Mahmoud,

There is no LSFO available at following Japan ports.

There is LS380cst only at Niihama and Chiba anchorage for bunker only option here.

Indications are \$895-898 pmt/d at Chiba anchorage (mini 100mts) and \$895-900pmt/d at Niihama anchorage (mini 150mts).

However the calling cost at both ports are usually higher and \$20,000 I/s applicable.
